

One-year Small Animal Reproduction Internship San Marco Veterinary Clinic and Laboratory

Application deadline: 15th November 2021;

Interviews: December 2021

San Marco Veterinary Clinic is offering a **one-year Small animal reproduction Internship position** for someone who has a keen interest for Reproductive and pediatric medicine and would like to get a deeper knowledge.

Since January 2021 San Marco Veterinary Clinic has opened the reproduction service coordinated by Dr. Lluís Ferré-Dolcet, DVM, MSc, PhD, ECAR eligible board certified and currently presents a highly demanding number of weekly cases.

The Intern will join the ReproTeam in their daily clinical, surgical and intensive care activities. The Intern will be directly supervised by one ECAR board certified when clinical, surgical, research and when writing a clinical report. The Intern will be enrolled as active part of the daily work and weekly continuing educations, including weekly journal clubs and book readings. If required, the intern will take part in teaching during the clinic formation and eventually in external courses.

The intern will also take part on research activities being able to participate in national and international congresses (SIRA, EVSSAR, ESDAR, ECAR) and to publish in indexed journals.

Applicants should preferably have successfully completed a 12-month rotating internship or have at least 12 months experience in small animal practice. Complementing reproduction knowledge will be highly appreciated. English language is required.

When required, the internship is preceded by 3 months rotation in Internal Medicine while working with the ReproTeam, in order to facilitate the integration in the highly demanding case load of the SM clinic.

The successful candidate will be expected to **start in January/February 2022**

Private transport will be an advantage due to the clinic location. "On call" duties could be required to the intern by the ReproTeam.

Submitting an application:

Please submit your CV together with a short covering letter and 2 references letters to Dr. Lluís Ferré-Dolcet at riproduzione@sanmarcovet.it or formazione@sanmarcovet.it at the **attention of Dr. Ferré Dolcet**.

Referees will only be contacted prior to an interview.

We look forward to hearing from you.
