

Friday 1st October 2021

15:00-20:00

All times are displayed in CET

MAIN ROOM

15:00-15:15 Opening and Welcome

PLENARY SESSION

15:15-15:45 Keynote Lecture

- Semen Conservation In Wild And Zoo Animals, **Gabriela Mastromonaco**

PARALLEL SESSIONS

ROOM 1

15:50-16:25 Gynecology/Andrology

- Osaterone Acetate Decreases Urinary Cystine Concentrations In Dogs With Type III Cystinuria, **Martina Reher-Virbac**
- Clinical Use Of Fluorescence Enzyme Immunoassay (FEIA) For The Determination Of The Day Of Ovulation In The Canine Species, **Chiara Milani**
- Successful Treatment Of Penile Injury In A Dog, **Lilyana Sapitskaya**
- Uterus Masculinus: Clinical And Histological Findings In Three Dogs, **Giulia Ballotta**
- Use Of A Bipolar Vessel Sealing Device In Canine Orchiectomy, **Halit Kanca**

16:25-16:50 Round Table Discussion

ROOM 2

15:50-16:25 Gynecology/Andrology

- Which Role Does PTGS2 Play In Testicular Tissue Of Dogs With Non-Obstructive Azoospermia? **Judith Morawietz**
- Analysis Of Putative Stem Cell Markers In Dogs With Spontaneous Immune Mediated Orchitis, **Larena Reifarth**
- Cystic Endometrial Hyperplasia In Adult Minipigs – Report Of 19 Cases In A Kune Kune Herd, **Johannes Herbel**
- Influence Of The GnRH Stimulation Test In The Concentration Of Canine Prostatic Specific Esterase (CPSE), **Luis Ferrè Dolcet**

16:25-16:50 Round Table Discussion

Friday 1st October 2021

15:00-20:00

All times are displayed in CET

PARALLEL SESSIONS

ROOM 3

15:50-16:25 Infertility

- Immunohistochemical Evaluation As A Complement In The Diagnosis Of Disorders Of Sexual Development In A French Bulldog Dog, **Maria Isabel M Martins**
- Endoscopic Resection Of Acquired Vaginal Stenosis Causing Infertility In A German Shepherd, **Emanuela Vallesi**
- Intact Versus Neutered Male Cats: Preliminary Results On The Usefulness Of A Single Coat Testosterone Concentrations Measurement, **Jasmine Fusi**
- Delayed Ovulation And Abortion Due To A Transcervical Endometrial Polyp In A German Shepherd Bitch, **Andrea Del Carro**
- Symmetric Dimethylarginine (Sdma) Measurement And Doppler Ultrasonography Of The Renal And Uterine Artery In Bitches With Complex Cystic Endometrial Hyperplasia-Pyometra, **Maria Isabel M Martins**

16:25-16:50 Round Table Discussion

BREAK – 16:50-17:05

17:05-17:35

E-POSTERS PRESENTATIONS

PLENARY SESSION

MAIN ROOM

17:35-18:05 Keynote Lecture

- Key Aspects Of Domestic Cat Spermatogenesis, **Cristina Gobello**

Friday 1st October 2021

15:00-20:00

All times are displayed in CET

PARALLEL SESSIONS

ROOM 1

18:05-18:35 Contraception

- Perils And Pitfalls Of Research Of Neutering Effects, **Sebastian Patrick Artl**
- Neutering As A Risk Factor For Joint Disorders And Cancers In Belgian Male Dogs, **Joke Lannoo**
- Deslorelin Implant To Induce Temporary Infertility In Queens, **Kaisa Savolainen**

18:35-19:05 Round Table Discussion

ROOM 2

18:05-18:25 Andrology/Spermatology

- Semen Quality In Bernese Mountain Dogs In Sweden, **Ida Hallberg**
- Germ Cell Apoptosis Induced By Tumor Necrosis Factor (TNF) Alpha In Spontaneous Autoimmune Orchitis In Dogs Is Mainly Triggered By Interaction With Tnf Receptor 2 On Spermatogonia, **Caroline Pröbstl**
- How Does Hemicastration Affect The Testosterone, Testicular Volume And Semen Parameter In The Dog? **Hanna Körber**

18:25-19:05 Round Table Discussion

ROOM 3

18:05-18:35 Cats/Exotics

- Dystocia In Danish And Norwegian Guinea Pigs – A Survey Among Breeders, **Helene Alm**
- Semen Collection In Breed Cat: Is It Possible? **Camila Ackermann**
- Increased Urethral Sperm Number After Scrotal Stimulation In Domestic Cats, **Sylwia Prochowska**
- Expressions Of Anti-Müllerian Hormone And Its Type 2 Receptor In The Ovary Of Pregnant And Cycling Domestic Cats, **Nilgun Gültiken**

18:35-19:05 Round Table Discussion

19:15-20:15

VIRTUAL INTERACTIVE SOCIAL SURPRISE EVENT!

Saturday 2nd October 2021

14:00-19:15

All times are displayed in CET

PLENARY SESSIONS

MAIN ROOM

14:00-14:30 Keynote Lecture

- Veterinary Genetic Counseling Influencing The Clinical Relationship With Breeders, **Cynthia O'Connor**

14:30-15:00 Keynote Lecture

- Infectious Diseases Update: Canine Brucellosis, **Tayse Domingues de Souza**

BREAK –15:00-15:15

PARALLEL SESSIONS

ROOM 1

15:15-15:50 Gynecology

- Factors Influencing The Day Of Canine Parturition Estimated From Serum Progesterone Concentration Measured By Fluorescence Enzyme Immunoassay (FEIA), **Hasan Sontas**
- Progesterone-Antibodies May Contribute To Dermatitis In Bitches – A Case Report, **Sebastian Patrick Arlt**
- Chronic Vaginitis In A Dog Induced By A Migrating Grass Seed Into The Uterus: A Case Report, **Guillaume Domain**
- Peripubertal Ovarian And Uterine Ultrasonographic Changes In Bitches, **Paula Blanco**
- Comparison Of Cardiovascular Changes In Bitches Suffering From Cystic Endometrial Hyperplasia – Pyometra Complex Before And After Ovariohysterectomy Or Medical Treatment, **Paula Blanco**

15:50-16:15 Round Table Discussion

Saturday 2nd October 2021

14:00-19:15

All times are displayed in CET

PARALLEL SESSIONS

ROOM 2

15:15-15:50 Pregnancy/Neonatology I

- Relationship Between Placental Traits And Birth Weight In Boerboel Puppies, **Amelie Mugnier**
- The Impact Of Mode Of Delivery On Newborn Puppies And Their Survival, **Tanja Plavec**
- The Proliferation And Differentiation Capacity Of Mesenchymal Stem Cells Isolated From Different Part Of The Feline Umbilical Cord, **Meriem Baouche**
- Evaluation Of Uterine/Placental Echotexture At Different Pregnancy Stages In Dogs, **Sabine Schäfer-Somi**
- Preliminary Results On Neonatal Mortality And Puppy Loss In The First 8 Weeks Of Life In The Bernese Mountain Dog, **Magdalena Schrank**

15:50-16:15 Round Table Discussion

ROOM 3

15:15-15:50 Pregnancy/Parturition I

- Evaluation Of Short-Term Safety Of Ultrasound Guided Foetal Fluid Sampling In The Dog (Canis Lupus Familiaris), **Tal Smadar**
- Insight Into Canine Uterine Inertia: The Organ Bath As An Ex Vivo Method For Studying The Contraction Behaviour Of Canine Pregnant Myometrium- Preliminary Results, **Carolin Jungmann**
- Reproductive loss due to Pelger-Huët anomaly in an Australian shepherd bitch, **Bianca Lourdes Frehner**
- Expressions Of Estrogen-Alpha And Progesterone Receptors In Canine Uteri Of Aglepristone-Treated Pregnant Bitches For Planned Caesarean Section, **Chunsumon Limmanont**

15:50-16:15 Round Table Discussion

16:15-17:15

GENERAL ASSEMBLY (Members Only)

Saturday 2nd October 2021

14:00-19:15

All times are displayed in CET

BREAK – 17:15-17:30

17:30-18:00

E-POSTER PRESENTATIONS

PARALLEL SESSIONS

ROOM 1

18:00-18:35 **Cryopreservation/Biotech**

- Impact Of Intra-Uterine Position On Placental And Fetal Development In The Canine Species, **Sylvie Chastant**
- Effect Of Age On Sperm Acrosome Associated 3 Protein Expression In The Feline Ovary, **Ann Ramsey**
- Influence Of The Estrous Cycle Stage On The Feline Oocyte Quality And Embryo Culture Outcome, **Malgorzata Ochota**
- Developing A Canine Oviduct Model For In Vitro Oocyte Maturation, **Annemarie Spruijt**
- Successful ICSI With Vitrified Epididymal Cat Spermatozoa, **Martina Colombo**

18:35-19:00

Round Table Discussion

ROOM 2

18:00-18:30 **Pregnancy/Neonatology II**

- Influence Of Days Before Parturition On Fetal Kidney Measurements In The Canine Pregnancy, **Giulia Siena**
- Colonization Of Canine Intestinal Microbiota And The Effects Of Route Of Delivery And Vaginal Seeding: Preliminary Results, **Samara Beretta**
- Early Detection Of Bacterial Infection In The Newborn Dog – Evaluation Of Six Blood Markers, **Hanna Mila**
- Cell-Cell Interaction In The Parturient Canine Uterus Is Altered In Uterine Inertia Compared To Obstructive Dystocia, **Sandra Goericke-Pesch**

18:30-19:00

Round Table Discussion

Saturday 2nd October 2021

14:00-19:15

All times are displayed in CET

PARALLEL SESSIONS

ROOM 3

18:00-18:35 Pregnancy/Parturition II

- Luteinizing Hormone Receptor Activation Stimulates Endothelial Migration Of Neoplastic Canine T-Lymphocytes, **Alexa Dietz**
- Feline Uterine Torsion – Two Case Reports, **Kaisa Savolainen**
- Cesarean Section Under Inhalant Or Epidural Anesthesia - Which One Is Better For The Puppies? **Malgorzata Ochota**
- Variations In Fetal Gastrointestinal Motility In The Last Ten Days Of Pregnancy, **Chiara Milani**
- Preliminary Studies On Fetal Biparietal Diameter And Femur Development Using Ultrasound Monitoring In British Shorthair Cats, **Anna Górká**

18:35-19:00 Round Table Discussion

19:00-19:15

AWARDS, CLOSING CEREMONY & FAREWELL

E-poster Presentations List

- ◆ E-posters (PDFs & Short Videos) of both days will be accessible for the whole duration of the congress.
- ◆ During the allocated e-poster sessions, authors will be online for discussion with the viewers:
 - **DAY 1**, 17:05-17:35 CET
 - **DAY 2**, 17:30-18:00 CET
- ◆ Instructions on how to attend the live e-poster Presentation session will be shared prior to the event.

DAY 1

Sorted alphabetically based on the presenting author's Last Name

#	E-poster Presentation Title	Presenting Author
EP01	Cytotoxicity Assay For The Assessment Of Anaesthetic Toxicity In Puppies Born By C-Section: Preliminary Results	Almeida De Araújo, Renatha
EP02	Expression Of Estrogen (ER) And Progesterone (PR) Receptors In Oviducts Of Bitches In The Pre And Post-Ovulatory Period	Apparicio, Maricy
EP03	A Case Of Uterine Adenomyosis In A Bitch: Ultrasonographic Appearance	Vallesi, Emanuella
EP04	Ultrasound Guided Fetal Demise In A Case Of Incomplete Medically-Induced Abortion In A Bitch	Chastant, Sylvie
EP05	Scrotal Hypospadias Repair In An English Bulldog – Case Report	Crusco, Silvia
EP06	Maternal Elements In Meconium Bacteria Flora Of Naturally Delivered Puppies Of Two Dog Breeds	Del Carro, Angela
EP07	Caudal-Superficial-Epigastric Axial Pattern Flap Associated With Full-Thickness Buccal Mucosa Graft For Preputial Reconstruction In Three Dogs	Ferguson Motheo, Tathiana
EP08	Efficacy Of Repeated Administrations Of Deslorelin Implants For Long Term Suppression (3 Years) Of Fertility In Male Dogs	Fontaine, Christelle
EP09	Comparison Of The Acceptance Of Two Postoperative Treatment Regimens In Bitches With Malignant Mammary Tumours - First Results	Ganz, Sebastian
EP10	Epidemiological Profile Of Breast Neoplasms In Bitches Attended At Uenf's Veterinary Hospital From 2017 To 2020	Gazel, Hamine

E-poster Presentations List

DAY 1

Sorted alphabetically based on the presenting author's Last Name

#	E-poster Presentation Title	Presenting Author
EP11	Neonatal Immunity: Amniotic And Placental Potential In Canine Species	Groppetti, Debora
EP12	Placental Ingestion Is Associated With Postparturient Diarrhea	Hagman, Ragnvi
EP13	Progesterone Concentrations During Canine Pregnancy And Parturition Parameters	Hinderer, Janna
EP14	Use Of Deslorelin Implant In The Treatment Of Persistent Estrus In The Bitch	Jelínková, Klára
EP15	Ovarian Follicle Population And Anti-Müllerian Hormone In Mature Queens	Gobello, Christina
EP16	Oestrous Follow-Up And Pregnancy Results After Ovulation Detection Using The FUJI DRI-CHEM IMMUNO AU10V	Maenhoudt, Cindy
EP17	Evaluation Of Pre-Freeze And Post-Thaw Sperm Quality Of Epididymal Canine Sperm Cooled In Situ Or Extended Overnight	Prencipe, Giuseppe
EP18	The Intrinsic Pathway Of Apoptosis: Is It Involved In Case Of Spontaneous Immune-Mediated Orchitis In Dogs? – Preliminary Results	Morawietz, Judith
EP19	Canine Vaginal Cytology: Towards A Tutorial For The Definition Of Vaginal Cells	Reckers, Felix
EP20	Influence Of Exogenous Progesterone On The Results Of The Progesterone Measurement For The Determination Of The Bitch's Mating Time	Sievert, Maren
EP21	Downregulation Of Testicular Endocrine And Germinative Function With A 4.7 Mg Deslorelin Implant Is Fully Reversible, But Highly Individual	Stempel, Sabrina
EP22	Diagnosis Of Uterine Sarcoma By Contrast-Enhanced Ultrasound In A Rottweiler Bitch 35 Days After Whelping	Vallesi, Emanuela
EP23	Uterine Torsion In A Pregnant Queen	Vallesi, Emanuela
EP24	Anencephaly And Palatoschisis In Two Canine Neonates	Vilela Estevam, Marina

E-poster Presentations List

DAY 2

Sorted alphabetically based on the presenting author's Last Name

#	E-poster Presentation Title	Presenting Author
EP25	Cytotoxicity Assessment And Comparison Of Lidocaine And Ropivacaine In Puppies Born By C-Section: Preliminary Results	Almeida De Araújo, Renatha
EP26	A Pilot Study To Evaluate The Usefulness Of Melatonin Implants To Control The Oestrus Cycle In Bitches	Axnér, Eva
EP27	True Vaginal Prolapse Associated With Retroflexion Of The Urinary Bladder In A Bitch: A Case Report	Beretta Gomes Da Silva, Samara
EP28	Endometrial Hyperplasia In Rabbits (<i>Oryctolagus Cuniculus</i>): Is It Similar To The Bitches?	Cação, Danaê
EP29	Comparative Progesterone Measurements Using Fuji DRI-CHEM IMMUNO AU10V® And RIA	Conze, Theresa
EP30	Omphalocele In A Newborn Puppy: Treatment And Post-Mortem Investigations	Del Carro, Angela
EP31	Net Formation Of Polymorphonuclear Neutrophils Isolated From Canine Colostrum	Demattio, Lukas
EP32	Reversibility Of Long-Term Use Of Deslorelin Implants For Fertility Control In Male Dogs	Fontaine, Christelle
EP33	Effects Of Deslorelin On Cancer Evolution And Patient Survival After Radical Mastectomy In Queens With Invasive Mammary Carcinoma: Preliminary Results	Gogny, Anne
EP34	A Retrospective Study Of 92 Female Cats With Pyometra	Hagman, Ragnvi
EP35	Comparison Of Three Different Analyzers To Measure Canine Serum Progesterone	Hisanaga, Trevor
EP36	Evaluation Of Breed, Age, Parity And Pre-Treatment In Bitches With Dystocia – A Retrospective Analysis Of 280 Cases	Krohn, Judith

E-poster Presentations List

DAY 2

Sorted alphabetically based on the presenting author's Last Name

#	E-poster Presentation Title	Presenting Author
EP37	Suppression Of Oestrus With Human Oral Testosterone Supplementation In A Bitch: A Case Report	Maenhoudt, Cindy
EP38	Follicular Cysts In A Female Dog After Administration Of A Deslorelin Implant	Mateus, Luisa
EP39	Influence On Fertility Of The Motile Sperm Subpopulations Present In Cryopreserved And Chilled Dog Semen Samples	Peña Martínez, Ana
EP40	Update On The EVSSAR Reprocases Project – How Vets Can Contribute To Learn More About Rare Diseases	Riege, Lisa
EP41	Insights Into Breeding Management And Contraception In Catteries – What We Learned From An Online Survey	Schaper, Ricarda
EP42	Is Anti-Müllerian Hormone Measurement More Reliable Than GnRh Stimulation Test For The Diagnosis Of Canine Ovarian Remnant Syndrome: A Clinical Case	Sontas, Hasan
EP43	Extra-Skeletal Osteosarcoma In The Vulva: An Extremely Rare Case In The Bitch	Tartarelli, Amanda R.
EP44	Oestrogen-Related Dysuria Due To Ovarian Papillary Cystadenoma In A Bernese Mountain Bitch	Vallesi, Emanuela
EP45	Influence Of Meconium-Stained Amniotic Fluid On Vitality Parameters And Hematological Variables Of Term Neonatal Puppies	Vannucchi, Camila
